Dr. Parag Biniwale....

Secretary....

ICOG , the academic wing of FOGSI has been proactively updating its members regarding the nuances in the field of Obstetrics & Gynaecology since 1984. A lot of stalwarts in the field of Obstetrics & Gynaecology have contributed immensely to the growth of ICOG.

This year, Team ICOG 2019 under the leadership of President Dr Nandita Palshetkar & Chairperson Prof. Tushar Kar shall be bringing to you fundamentals in Ob Gyn practice Dos & Don'ts.

The aim of this year is standardisation of clinical practice by bringing together teachers from medical colleges all across the country. These professors will brain storm and help us create Good Clinical practise recommendations. Thus we hope to have a positive impact on patient care & evidence based management.

ICOG is conducting certification courses for freshly passed postgraduate students who wish to enhance they skills in the field of reproductive medicine, Endoscopy, Ultrasound, foetal medicine and two new additions vaginal surgery & critical care in obstetrics. Another important task is standardisation of these certification courses, where Standard messages should be

passed on to the candidates.

Our team will strive hard to give you best possible information on various subjects of Obstetrics & Gynaecology periodically. We assure you that ICOG campuses will be of great help to you in your busy day to day schedule and will be ready reckoners available to you on your desk or desktop reminding you “to give best possible care to the pregnant woman & the unborn “The next issue on foetal medicine is in pipeline.

We shall also be working on website making it more vibrant so that ICOG fellows & members can access relevant information at a click!

Happy learning !
