GENERAL INSTRUCTIONS TO CANDIDATES

The purpose of the Log Book is:

- i) To help the candidate record his training in brief detail so that experience can be recorded and deficiencies identified and remedied
- ii) To help both consultants and the college to assess overall training and provide the extra experience for trainees in the areas where it is most needed

The timing of the Log Book:

Logbooks should be completed during training in centers recognized by the College. Any queries concerning log book/training should be referred to the Examination Department (Chairman/Secretary) of the Indian College of Obstetricians and Gynaecologists.

The candidate should bring to the examination completed Log Books.

Candidates are strongly advised to carry the Log Book with them at all times and to fill it in on a daily basis. This will avoid much retrospective record hunting. Candidates should discuss the progress of the Log Book with their Consultant at least every week and a summary of experience must be signed by the consultant.

Confidentiality:

Candidate must not identify patients by name. Cases should be recorded by hospital number and /or patient's initials.
